

Requests for Spatial Data & Drawings

Responsibility for Spatial Data

The Space Information Resources Office maintains information about campus spatial resources for Federal, State and University accountability requirements. Most of the data is collected during the annual space survey. However space changes occur frequently throughout the year. The accuracy of the data and drawings reflects a snapshot in time from the last survey.

Other Space Information Resources Office forms may be found at:
<http://admin.utep.edu/spires>

What type of spatial information are you requesting:
(check both if it applies)

- ☐ Drawings (Floor plans, campus map)
☐ Data (building, sqft, organizations, occupants, uses)

Requesting Person:

First Name	<input type="text"/>
Last Name	<input type="text"/>
Email	<input type="text"/>
Department	<input type="text"/>
College / VP	<input type="text"/>
Date of Request	<input type="text"/>
